Summary of Legislation

Approved by the Governor on September 25, 2002, Assembly Bill No. 2766 ("AB 2766") added several statues to the California Government Code ("Government Code") with the express intent to "grant a former member of one of those retirement systems who is or was engaged in active law enforcement or firefighting and prevention service... the right to redeposit those withdrawn contributions, if he or she is an active member of a specified reciprocal public retirement system at the time of redeposit." [Emphasis added.] To better inform interested members of the new redeposit rule, the Stanislaus County Employees' Retirement Association ("StanCERA") has created a unique form for this process and clarified the limited group of former members affected by the addition to the Government Code:

- (e) This section shall only apply to either of the following:
 - (1) A former member who is in the service of an employer as an officer or employee of a law enforcement agency or fire department whose principal duties consist of active law enforcement or firefighting and prevention service...
 - (2) A former member who is in the service of an employer and seeks to redeposit contributions for past employment as an officer or employee of a law enforcement agency or fire department in this system whose principal duties consisted of active law enforcement or firefighting and prevention service...

[Government Code § 31831.3]

Acknowledgment & Authorization

Under penalty of perjury, I declare that I am an "an active member of a specified reciprocal public retirement system" and believe that all or a portion of my prior service with StanCERA occurred as "an officer or employee of a law enforcement agency or fire department whose principal duties consist[ed] of active law enforcement or firefighting and prevention service." To verify my declaration and confirm that I have not purchased this service credit from any other retirement plan, I authorize my current employer and plan administrator to release any service purchase or redeposit records requested by StanCERA.
